METHODIST CHURCH TO BEGIN REVIVAL MEETING HERE SUNDAY

Old Time Fiddlers to Participate in Contest Friday March 12

BLOOD TRANSFUSION GIVEN TO SAVE LIFE

BLOOD TRANSFUSION RESORTED TO BY PHYSICIANS TO RESTORE HEALTH

Mrs .T. S. Henderson, Jr., who has been critically ill at the Cameron Hospital since late last Monday is reported improving rapidly and attending physician, Dr. D. E. Monroe is hopeful that she will be able to return to her home within a few days.

Mrs. Henderson became suddenly ill Monday morning and in the afternoon was taken to the hospital for an operation. Her condition, however, indicated that she could not withstand the shock of an operation and after consultation blood transfusion was prescribed.

Dr. Scott of the Scott and White sanitarium of Temple with nurses, and specialists, were called for the transfusion.

Request made by Mr. Henderson among a few intimate friends for the giving of blood met with quick and sympathetic response and some ten or twelve tests were made in the laboratory of the hospital. Only three similar types were found. They were C W. Bradbury, Vernon Roberts and Judge Highnote.

After further tests Mr. Bradbury was chosen among the men offering their blood. After coming from the operating room Mr. Bradbury went to his home, remaining inside the following day and has suffered no ill effects..

The transfusion was made at about 9 o'clock. Mrs. Henderson showed signs of improvement shortly after the transfusion and with a good night was much improved the following day.

Other friends of Mr. and Mrs. Henderson who volunteered were A. J. Lewis, J. B. White, L. T. Lewis, Irvin N. Clary, Rev. J. P. Love, S. M. Burns, John B. Henderson. There were others whose names we did not learn and no intention is here entertained to omit their names.

"The splendid and very highly courageous offer of sacrifice of my friends is overwhelming," said Mr. Henderson, "and I cannot adequately express in words what Mrs. Henderson and I feel in gratitude. We shall never forget this display of loyalty and coming at this critical hour it gives the fine consolation that friends never fail no matter what the test."

The many friends of Mr. and Mrs. Henderson will be pleased to learn that Mrs. Henderson, while not yet out of all danger is much improved.

SAM HEFLEY WILL RUN FOR THE LEGISLATURE

WELL KNOWN DEMOCRAT TO OFFER FOR PLACE IN LAW MAKING BODY

Sam Hefley will be a candidate for the legislature of Texas from Milam county at the July Democratic primaries.

He has authorized the Herald to say that his announcement will be made in a few days including a platform on which he will ask the support of the Democrats of Milam County for this place.

He believes no more laws should be enacted and is for the repeal of all laws that are unnecessary and impracticable of operation.

The Democrats of Milam County will look forward with interest to the forthcoming announcement of Mr. Hefley which will appear in this paper in the near future.

He is being widely solicited by his friends to make the race. He is a positive Democrat and will tell the people how he stands on every public question.

S. E. Brogdon made a business trip to Dallas last week.

J. T. Parma Announces Big Reduction Price On Fisk Auto Tires

In one of the most spectacular price announcements in his entire business careerMr .Parma this week is announcing a schedule of prices for Fisk tires that beat the reductions recently announced in Waco and other cities of the state.

Besides being one of the largest tire dealers in the state Mr. Parma is a groceryman wide awake and the trail blazer in both circular advertising as well as price setting.

The big ad of Mr. Parma in this issue of the Herald is a revelation in prices for tires. Considerably under the prices of recent sales announced, the quotations are nothing less than hard to understand how prices can be soaring so low under the conditions which control the price of rubber.

Mr. Parma in addition to the big tire ad has the regular price announcements for his grocery store. He recently purchased 25 barrels of candy to retail at 10c per pound.

COLLECTIONS GOOD DESPITE THE DROUTH

ROY LAW MAKES REPORT FROM OFFICE OF TAX COLLECTOR HERE

Although drouth conditions prevented the making and marketing of a cotton crop in 1925 tax collections were good in Milam County according to a report just filed by Roy Law, tax collector.

Mr. Law in making his report filed it on February 26 the earliest date known for several years in this office. Report was made to 86 school districts for collections in those districts in order to determine the amount of money as early as possible.

Mr .Law is giving the people very efficient service and th following figures on collections will be of interest.

Total taxes assessed for the year, 1924, $478,835.68. Total taxes assessed for the year, 1925, $469, 462.19. Total decrease, $9,373.49.

Total collections, 1924; October, $32,876.61, November, $23,250.74; December $92,773,13; January $275,988.-97, total $424,889.45. 1925, October, $22,287.12; November, 44,210,46; December, $77,784.88; January $248,990.-38. Total, $393,272.84.

The 1924 tax roll as shown above was $9,373.49 larger than the 1925 tax roll, and 1924 collections were only, $31,616.61 larger than 1925.

Total poll tax paid in 1924, 7623.

Total poll taxes paid in 1925, 7696.

Funeral Equipment Admired By Many

With the arrival here last week of the new Henney Funeral equipment of the Cameron Furniture Company, many expressions of admiration have been heard on every hand.

This equipment consisting of a funeral coach and ambulance is the finest equipment ever brought to Cameron and no better may be found anywhere in this part of the state.

The funeral home is to be in charge of Mr. and Mrs. Chas. Price as undertakers and James L. Coleman as manager, is now ready for business having opened on March 1.

The funeral chapel is one of the outstanding features of the home. This chapel will be used for funeral services where home and church funerals are not held. Cameron has needed this arrangement for a number of years.

In addition to the funeral home the building is being used for display and storage room for furniture. The house has increased its floor space in the main building by adding a display room in the second story.

"We want the people to have the best possible service and only on this basis will we operate our funeral home," says J. W. Coleman, in discussing the new business.

CONFEDERATE VETERAN WILL COME FROM STATE HOME FOR OLD FIDDLER'S CONTEST HERE

Interest in the old fiddler's contest to be held in Cameron on Friday night March 12 under the auspices of the American Legion is spreading beyond the boundaries of the state.

This week L. Van Perkins received a letter from an old time fiddler living at Vivian, Louisiana.

An interesting letter comes from D. D. Page, Confederate veteran at the state home at Austin. He will be here several days in advance of the contest.

The contest to be followed by an old time square dance will be one of the most widely attended events in recent years.

Interest has been increased by the addition of a jig dancing contest restricted to men over 50 years of age.

The following letters will be of interest:

Mr. L. Van Perkins, Adj.
Cameron, Texas.
Dear Sir:

I see by the papers that an old time fiddler's contest is planned for March 11, 1926.

I want to be booked in that contest. I am an old Confederate Veteran 81 years old.

I have been in a number of these contests and played my part with the best.

Please write me full particulars as to program, rules and regulations, number of pieces to be played by each, and if each contestant will be allowed to make his own selection of the piece he plays, or will the committee make the selection of music to be used? Will they be required to come in order as to 1st, 2nd, 3rd, etc. and will each contestant play more than once?

In arranging the order by number in which each plays I would like to be listed the last one.

So please write in full a complete outline of all requirements and order of procedure; you will greatly oblige me.

Yours most respectfully,
D. D. PAGE
Confederate Home, Texas.

P. S. I will be on hand a day or two before time.

Vivian, La.
Feb. 27th, 1926.

Mr. L. Van Perkins,
Adjutant American Legion.
Dear sir,

I notice old fiddler's plan to stage a big contest at Cameron, Texas on March 11, 1926 when cake-eaters, jelly beans, flappers and the like will be contrabanded and will be arrested and locked up. I am 75 years old the 25th of this month. Would like to bring my old violin and join you old fellows if I can get off.

Fraternally yours,
S. L. Caldwell.
Austin, Texas.
Feb. 26, 1926.

POULTRY JOURNAL WILL HELP WITH HATCHERY

S M. BURNS' LETTER PUBLISHED AND PROSPECTS ARE GOOD

The American Poultry Journal has published a letter by S. M. Burns in regard to the hatchery wanted in Cameron.

The Journal assurs Mr. Burns it will co-operate in every way possible for the hatchery here and has enlisted its agents to assist.

Mr. Burns has already secured a florist for Cameron and will get the hatchery. He is also interested in a knitting mill and has assurance that make prospects for it good.

The following letter was published by the Journal:

Mr. Burns in addition to the other enterprises sponsored has prospects for a creamery for Cameron and is giving some of his time for this project.

We are in receipt of an inquiry from Mr. S. M. Burns, lawyer, Cameron, Milam County, Texas, stating that a hatchery should be located at Cameron. The city has a population of about 6,000 and is served by the Santa Fe and Southern Pacific railroads. Mr. Burns states:

"This town, county and territory is greatly in need of a chicken hatchery and we are desirous of securing this line of business for this territory. There is an excellent opportunity here for some one but I do not know how to locate an A 1 man for this line of business. We will greatly appreciate your assistance in helping us to locate a good man who understands and will put in a real good chicken hatchery here in Cameron."

More Negroes Are Entering In Cotton Contest For County

Andrew Jackson, Maysfield, Rt. 1; James McCullough, Maysfield, Rt. 1; Riley Green, Maysfield, Rt. 1; Mose Phillips, Maysfild, Rt. 1; Jordan Wells Maysfield, Rt. 1; John Phillips, Maysfield, Rt. 1; Hanabal Harlan, Jones Prairie, Rt. 1; D. W. Washington, Jones Prairie, Rt. 1; Wm. Williams, Jones Prairie, Rt 1; Mose Elem, Jones Prairie, Rt. 1 and J. Peddy, Jones Prairie, Rt. 1.

BASKETBALL MEET HERE THIS WEEK

GIRLS BASKET BALL TOURNAMENT LAWLESS GREEN FIELD FRI. & SAT.

Friday and Saturday March 5 and 6 the third annual Milam County Girls Basket Ball Tournament will be held on the Lawless Green Field.

Play will begin at nine o'clock and will continue all day Friday and Saturday until the county champion is determined.

From all reports this will be the biggest basket ball tournament that has ever been held in this county. Reports from over the county indicate that there will be twenty or more teams entered. If so many teams enter that it will be impossible to run the meet off on one court the court at the high school will have to be used for some of the games.

From reports of games played by the leading teams over the county, Jones Prairie, Ad Hall, Buckholts, Fox and Cameron will be the contenders for the title that the Cameron team now holds.

A large silver basket ball trophy will be presented to the winning team by Mrs. K. K. Robbins, county superintendent, immediately after the deciding game.

Admission for these games will be 50c and 25c for Friday and 50c and 25c Saturday.

NOTICE! NEGRO FARMERS OF MILAM COUNTY

Realizing that you are anxious to have as much information as possible, especially in regard to fertilizing the soil, and the kind and the amounts to use, I am asking each Cotton Contestant and farmer who desires this information to be at a county wide meeting to be held at the colored high school at Cameron, Texas, Saturday 2:30 p. m. March 6. Speakers for the occasion will be Prof. C. H. Walker, State Director of Negro Extension Service, Mrs. M. E .V. Hunter, State Director of Negro Home Demonstration Work and other worthwhile speakers.

Please come and bring as many of your neighbors as possible, for a beneficial meeting is in prospect.

John H. Williams, Local agent.

Polk C. Webb, Well Known Evangelist To Speak Here Sunday

Polk C. Webb, pastor-evangelist of the Christian church will speak in Cameron Sunday morning at 11 o'clock at the Christian church.

The Herald has received from Mr. Webb announcement requesting publication and is pleased to pass this information along to the public and members of the congregation.

The church here has no pastor but has recently completed the basement of the church building to be completed sometime this year.

DELIVER TRUCKS

The Cameron Chevrolet Company this week delivered two trucks to the Robert McLane Company making a total of 8 Chevrolet trucks now in the transport fleet of this big wholesale firm.

Joe Middleton, manager of the company says he is unable to get enough cars to supply the demand.

DICK HAIRSTON IS CANDIDATE RE-ELECTION

WELL KNOWN OFFICIAL OFFERS TO SUCCEED HIMSELF

The Herald is authorized to announce Dick Hairston for re-election to the office of county commissioner from Rockdale and Milano beat.

The Rockdale Reporter in announcing the candidacy of Mr. Hairston has the following to say which we present with pleasure.

The Reporter is this week authorized to announce R. A. (Dick) Hairston as a candidate for the office of County Commissioner of Precinct No. 3, to succeed himself.

Mr. Hairston is now serving his second term, and he feels that the experience he has gained has the better fitted him for the proper handling of the work of the office the coming two years. That he has made a good officer no one will deny. He has been honest, careful, faithful to the interests of his constituents, and competent in administering the affairs of the precinct. He has learned much about road matters, gathering information and experience that is absolutely invaluable in the proper handling of the work of county commissioner, and his friends insist that for that reason alone he is the logical man for the place and ought to be retained in office.

Mr. Hairston is a democrat, of course, and subject to the action of the democratic primary.—Rockdale Reporter.

A. F. MITCHELL BETTER

Friends here of A. F. Mitchell, county engineer will be interested to know that he is improving. He will be confined to his room for several days but will be out in a short while, it is believed by physicians. Mr. Mitchell has been suffering from a nervous condition and stomach ailment for some time.

ATTENTION LEGION MEN

The Legion will hold its regular meeting on Tuesday night, March 9.

L. Van Perkins, adjutant, has sent out notices of the meeting. The date conflicts with the regular meeting night which is the first Tuesday in each month. On account of this error the meeting will be held as announced but hereafter the meetings of the Legion will be held on the first Tuesday night in each month.

County Treasurer L. B. Fikes has had the flu but his many friends are pleased to note his recovery this week.

Mr. and Mrs. Knox Tyson spent the week end in Cameron and left this week to make their home for a time in El Paso. Mr. Tyson is a geologist in the employ of the state.

METHODIST REVIVAL MEETING BEGINS SUNDAY

EDDY PASTOR TO CONDUCT SERVICES HERE FOR TWO WEEKS CAMPAIGN

Sunday, March 7th, is the day we begin the two weeks special services at the First Methodist church. At the morning hour, the pastor will preach, and administer the Sacrament of the Lord's Supper. At the evening hour Rev. L. B. Elrod, D. D. will preach.

On Monday, Rev. Homer Fort will be with us and continue to do the preaching till the meeting closes.

We extend an invitation to the churches and citizens of Cameron in general to attend these services.

The Itasca Item has the following to say concerning a Revival recently held in that City by Rev. Fort:

"It is the best revival we have had in this church in years", stated an old Itasca citizen, after the benediction, closing the Methodist Revival here Sunday night. Rev. Homer Fort (even you know him now) has preached for two weeks in our city, and his ministry has done a great amount of good. Mr Fort preaches a fearless gospel, yet does not indulge in "petty" things which brings the church down to a level with the world. His messages are brief, yet absorbingly interesting. Itasca wishes our young brother well, and may he come again.

The Temple Telegram has the following to say concerning a revival in our neighboring city: The revival meeting at the First Methodist church is being well attended. A large crowd heard Rev. Homer Fort preach on "The Old Paths" last evening. We sat spellbound under the earnest message. In eloquence it was supreme; in sincerity, it was unquestioned; in the amount of good accomplished, only eternity will tell. A large number came forward at the close and gave their hands for reconsecration.

Will Donate Gravel For Cemetery Salem

Bob Stevens has agreed to furnish gravel for those who desire to improve the cemetery at Salem. This gravel is found on his place west of town in large quantities both for concrete and for road purposes.

Mr. Stevens is interested in the improvement of the cemetery and will furnish to all who want it this gravel free of charge.

HOME FOR HAYDEN LAWRENCE BUILDING

CONTRACTORS START MODERN DWELLING TO BE COMPLETED SOON

Contractors have begun work on the basement of the new home to be erected for Hayden Lawrence adjoining the Robert McLane residence recently completed.

The plans for this new home call for a modern dwelling in every way and it is to be completed in the near future.

Mr. Lawrence is the local dealer for the R. C. A. radio and Freed-Eisman company in addition to his duties with the Cameron Water Company.

The new home when completed will be one of the finest in that section of the city and will add greatly to the value of surrounding property.

BOB LYLES APPOINTED

Robert M. Lyles, former attorney here and now residing at Groesbeck has been appointed to the place of assistant attorney general by Governor Miriam A. Ferguson.

Mrs. W. M. Houston and Miss Viola Houston, Mr. Ray Harvey, Mr. and Mrs. J. H. Neal of Caldwell spent Sunday

Mrs. Ferguson Tells the People of Texas She Is Wants Office Again

Austin, Texas, February 27.—Governor Miriam A. Ferguson, the first woman governor of Texas, today announced for re-election subject to the Democratic primary. She was the third candidate to make known her intentions to run for governor.

"To the People of Texas," the announcement was worded.

"Subject to the Democratic primary I hereby announce my candidacy for re-election to the office of Governor of the State.

"In making this announcement I am not unmindful of the fact that I shall encounter active opposition. I am fully aware of the arguments that will be advanced by those who will oppose me.

"Already the contention has been made in the columns of one of the big daily newspapers that I should not be a candidate because I am a woman. In answer to this idea let me call attention to the fact that under the now enacted laws of the country and approved by our courts women have been emancipated and have been given equal rights not only to vote but to hold any office in the gift of the people. Therefore if anybody now raises the objection to me or any other woman holding office they are defying the laws of the land and should be treated as any other enemy of our democratic form of government.

Promise Two Years Ago

"No sooner than this my announcement appears in the public prints, we will hear from the mouthpieces of those who are anxious to be governor, that I promised I would not again be a candidate.

"If I had promised that I would hold the office for a life time, you would not have heard them say anything about sacred promises. But as my election will greatly interfere with the ambitions of some who claim to have heard a call from divine sources to save the country, it is to be expected that we will hear loud and vociferous discussion about my statement that I would not again be a candidate.

People Will Understand

"The candidate or the friends of the candidate who raises that plea simply wants to deny the people the right to vote for me if they want to, and I think the people will so understand.

"But I shall not dodge the facts. Here are the facts about me not again becoming a candidate. Just after the first primary in 1924 I gave out this statement to the press: (These are my exact words) 'I want to thank the people who from every part of the state have tendered me their support in this contest. I yet believe that God will answer my prayer for the vindication of my family name, which my good husband and I are seeking, not for revenge, but for the good of our children and their children who shall come after us. I am not in this race through any great desire to hold office and I shall not again become a candidate if our prayers for vindication are answered. But for two years I want to give the people a devoted service. Mother won't you help me?'

"This was the only statement made by me on the matter of re-election.

Stigma Still Remains

"I take it that everybody understood that when I spoke of vindication, I was referring to the vindication against the judgment of impeachment that had been rendered against my husband.

"While it is true that the people elected me in the belief that the stigma of impeachment would be removed from my family name, yet I am sorry to say that it has not been done. I had hoped and prayed that the black page of impeachment yet on the pages of the public records at Austin, would in the response to the verdict of the people be stricken and blotted from the records, so that I might have been further relieved from the cares and burdens of public life and public office.

No Names Mentioned

"It is true that the legislature passed the Amnesty bill, which had for its purpose to relieve those who were laboring under the stigma of impeachment. But this bill does not mention anybody's name, and when in response to said bill, the senate of Texas, which had rendered the verdict of impeachment against my husband, refused to grant the relief and voted down the resolution. If nothing further is done thirty years from today, the finger of scorn may be pointed at my children and it can be said that the Ferguson name is branded with impeachment and that the public records so show. Mother, sister, father or brother who love your family as I love mine, this is the main reason why I am again a candidate on this issue, and as long as God shall give me strength to work and faith to pray I am going to continue to ask the people of my native state to help me remove the cloud that has hung over me and mine so long.

Position of Opponents.

"There are those impelled by their own personal ambitions who want to deny me the right to again appeal to the people and say that I have received vindication, and in the next breath they say that the Amnisty bill is unconstitutional. It therefore does not lie in their mouths to say that I have received vindication and should not for that reason run again.

Taking Case To People

"For this reason I am again taking my case to the people and am asking that I, though a woman, be given the same second term that has been given to men in Texas for more than fifty years. Let those who oppose me be frank enough with the people to say why I should not be given the same consideration as has been given to men. I shall meet any charge and if I have proved myself unworthy, I must bear the consequences. If it is not proven that I have been unfaithful and unworthy then in the name of fairness and in the name of my sex, I shall insist on the same second term in office that has long been given to men.

Will Run On Record

"I have tried to administer the duties of office to the best of my knowledge and ability. At no distant date I shall take the people into my confidence and render a full account of my stewardship. Upon my record I shall ask the people for a continuation of their support and confidence. I invite careful comparison of my administration with that of any other governor.

Confesses Mistakes

"I am fully aware that I have made some mistakes. But I do not think they have been any more than other governors have made serving their first term. My experiences will enable me to avoid the same mistakes in the future. I have asked the advice of able men in Texas affairs. I shall continue to do so.

Advised By Husband

"I am fully aware of the criticism that has been raised and will continue to be raised because I am advised many times by my good husband. Many of these would-be statesmen seem to be greatly disappointed because my election did not break up the Ferguson household. They seem to think that my husband should have gotten mad and left home just as soon as I was elected. And if he had left home they would have had him arrested for wife desertion and said he was the meanest man that ever lived.

"If a man can't consult his wife, and if this crowd is sincere about me consulting my husband then when they elect their next man governor (which won't be this year) they must demand that he divorce his wife, for fear that she might give him some good advice about how to run the office. If they are correct then the wives of all the governors of Texas have been enemies of the state.

Jog Too Big For One

"My experience with the governor's office has taught me that filling an office is a little too big for one man or one woman. It takes a Ma and a Pa both to get over the rough places. If a man governor does not have a good sensible wife and if a woman governor does not have a good sensible husband, then there come many times when things will look mighty blue and lonesome and the people will not get what they are entitled to.

"So in order that nobody may be deceived or mislead I want it distinctly understood that Jim and I will continue to pull together in the same old way."

"MIRIAM A. FERGUSON"

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

Cameron, Texas

A Matter of Conscience

There should be no reproach after the last flower is placed at the foot of the pale, white figure—no misgivings for little details neglected, for the last services unwittingly mishandled.

The last tribute should be paid in a fitting manner—by a professional entirely capable. Our twenty-seven years of experience testify in themselves to the fact that sympathetic, tactful consideration of those in sorrow is only a small part of our share in your last personal service.

You may call on us for suggestions—in the full assurance that a kindly consideration will be exercised in all your expenditures.

HOME TALENT WILL PRESENT LYCEUM PLAY

PATRICIA—OPERETTA IN THREE ACTS FRIDAY NIGHT MARCH 9

Tuesday evening, March 9th, the fourth number of the Home Talent Lyceum will be given at the Yoe High auditorium. This number, Patricia an operetta in three acts is given by the Yoe High Choral and Glee Club and will be one of the best numbers to be given on our Home Talent Lyceum program.

CAST

Patricia	Loring Beard
Jimmie Lavitt	Mr. Keeling
Margaret Winthrop	Ethel Collins
Dick Franklin	Hugh McKinney
Fanny Warrington	Florence Atkinson
Nancy Lee	Evelyn McCall
Bobby Neal	Hooks Slocomb
Percy Chesterton	Fred Childress
Warren Miles	Monroe Smith
Mrs. Montgomery	Frances Hause
Reginald Montgomery	Reed Rogers
Cy Simpkins	Frank Cheeves
Chiquita	Dorothy Denson
Roxane	Vetres Kirk

Reginald Montgomery and his friends have planned a picnic with his mother as chaperon. But Reginald, to play a joke on the rest, and also to convince them that they are, as he says, a "bunch of snobs," decides to take a girl (Patricia) along, who goes, disguised as a titled lady. To do this he has to bribe his mother's chauffeur to lose the road and cause her to be late in arriving at the scene of the picnic.

Meanwhile Reginald's friends fully justify his opinion of them, by making much ado over Patricia. The party is enlivened by the appearance of two gypsy fortune tellers, also by Cy Simpkins, the comedian of the play, and Warren Miles, a farmer who falls in love with Patricia.

Upon Mrs. Montgomery's arrival explanations ensue and it is evident that the whole party has reformed, when they all agree—even Mrs. Montgomery consenting, after a good deal of persuasion, to go back to town and celebrate the double wedding.

Thorndale Melon Growers Pledge 100 Acres To 1926 Crop

The Thorndale Melon Grawers club was organized by the men of the Fairview community on Wednesday night of last week, Feb. 18. Henry Ross, Chas. Saller, L. G. Butts and others of Thorndale were present and assisted in the organization of the club. The following board of directors of the club was elected. W. T. Bryant, Ray Poe, C. J. Wilder, J. E. Baker and L. G. Butts, with W. T. Bryant being elected president, Roy Poe, vice-president and C. J. Wilder, secretary treasurer, of the organization. The organization was started off with approximately 22 members with about 75 or 80 acres pledged to melons.

A very enthusiastic meeting was held again on Monday night of this week, at which time Mr. Schachler, of Rusk, very ably and interestingly discussed the question of "How to Grow and Handle Melons". More interest was shown at this meeting and new members were added to the list which brings the acreage up to about 100 acres pledged to melon growing this year. The Schachler Melon was selected and about 75 pounds of No. 1 seed was ordered. The seed will be distributed to the members of the Melon Growers club next Saturday, February 27, and all members are requested to go to the Thorndale Hardware Company's store and get their planting seed.—Thorndale Champion.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County,—Greeting.

You are hereby commanded to summon Alma Moore, Clarence Moore, Velma Moore an dRendey Moore, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 1st day of March 1926, the same being the 1st Monday in March 1926 then and there to answer a petition filed in said court on the 29th day of January 1926, in a suit, numbered on the docket of said court No. 9490, wherein John Sefcik is plaintiff and Alma Moore, Clarence Moore, Velma Moore and Rensdey Moore, and J. C. Joseph and Tom Turner, defendants said petition alleging:

Plaintiff claims fee simple title to one-fourth acres of land out of the W. W. Lewis league in Milam County, Texas, in Cameron, Tex. by reason of conveyances to him from Tom Turner recorded in volume 168 page 198 Deed Records of Milam County, Texas and also claims title to said premises by reason of the five year and ten year Statute of Limitation and that defendants Moore's claim some interest in said land by reason of some conveyance from Fannie Higby and which claims constitutes cloud upon plaintiff's title, and he prays for title and possession as against said defendants Moore's and for removal of cloud of titles and in the alternative for judgement for warranty as

Herein fail not, but have before said court on the said first day of the net term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seai of said court, in Cameron, this the 29th day of January A. D. 1926.

PENN WOLF

Clerk of District Court, Milam County, Texas. 40-4t

NOTICE TO SCHOOL TRUSTEES ELECTION

In addition to the publication made last week in this paper in reference to the trustee election, notice is hereby given that the Attorney General has held that the trustees of any district will meet and select three persons to hold the election, one of whom will be the presiding judge. This selection of the officers of election should be made by the trustees before March 20, and the county judge furnished with the name of the presiding officer so that the supplies may be sent to him.

Under the ruling of the Attorney General, the persons holding the election will each receive only one dollar ($1.00) for all such services.

Respectfully,

W. A. MORRISON,

Chairman, County Board of Education

Plan To Restock County With Good Purebreed Of Hogs

As a result of the drouth and the consequental lack of feed many hogs were sold and shipped out of the Thorndale trade territory the past year than under more favorable conditions would have been disposed of, and this has left the country with insufficient breeding stock. Since the shortage exists and the matter of restocking the country with hogs is being considered by farmers individually, Mr. H. H. Camp of San Gabriel has suggested to the Thorndale Commercial Club that a co-operative effort along this line would bring the best results and at the same time insure the country of being stocked with a good grade of hogs for the same money, or possibly less, than would be the case if each farmer acted individually and bought brood sows wherever each could pick one up.

Mr. Camp who has handled hogs as a buyer and shipper for a number of years and knows a good hog from a sorry one, has proposed to go to Ft. Worth or some other market and select a car of brood sows, etc., and ship them to Thorndale for distribution to farmers who are planning to restock their farms with hogs in this way Mr. Camp will be able to procure better hogs and get them cheaper than would be possible if each farmer acted for himself and purchased and made individual shipments of his needs.

To get the best results it is best to ship a car load and this means that unless about seventy hogs are bought the freight will be prohibitive. If this number of hogs are wanted by people in this trade territory, Mr. Camp will visit the markets and look after the purchases and shipment and retail the brood sows to farmers who wish them for the purchase price plus the prorated freight figured on the basis of car lots.

All who wish to buy will confer a favor on the Thorndale Commercial club by calling at G. S. Summerlin and Sons's store and place their order for the number of hogs desired, leaving cash to cover the purchase at the time as an evidence of good faith. The amount will be made known to you approximately and the "cash on the barrel head" is only to protect the club and Mr. Camp and insure prompt delivery of each hog shipped on these promises.—Thorndale Champion.

NORINE TAYLOR

Norine, the seven year old daughter of Mr. and Mrs. John D. Taylor of Cedar Creek community, died at the family residence at 2 p. m. Friday.

Funeral services were held Saturday afternoon at 2:30 o'clock at the Methodist church and interment was in the Pendleton Cemetery.

Pall-bearers were: M. A. Davis, Ireland Southerland, Carl Tune, Makey McDonald; honorary, John Tune, Barton Southerland, Marvin McDonald, Bill Southerland, J. B. Harrison, S. P. Martin, S. C. Mitchell, C. W. Henson and the pupils of\Cedar Creek school.—Temple Telegram.

BACK HURT BAD

Lady Had Severe Pains in Back and Got Very Weak.

"I think very highly of Cardui for I have had great benefit from its use," says Mrs. Cora Nicholson, of Ware Shoals, S. C.

"I was in bed quite a while. It looked like my strength would not come back, and I suffered with severe pains in my back whenever I would try to get up. Sometimes I would scream out, my back hurt me so bad.

"My husband got me some Cardui and I took two bottles. Very shortly after I began to take it I could notice I felt better. I began to get stronger. My appetite was improving and I could see that I was much better.

"After I had finished the second bottle I was able to be up and do all my own housework, so of course I think Cardui is fine. It is the best tonic for women that I know anything about, and I am glad to recommend it. Not long ago I told a lady friend of mine about it, and it did her as much good as it has done for me."

At all drug stores. C-32

TAX REDUCTION

The country has issued many groans about its taxes since the war, and the reduction of this burden through the new income tax law comes like relieving an overworked horse of part of his load.

The people of small incomes may not see that they get much of anything out of it, since the vast bulk of income tax payments come out of the wealthy and well to do. Some feel that those payments should continue about the same, on the theory of restricting the accumulation of great fortunes.

And yet if that money is paid into the government, it is not going to be spent for the development of the country, nor is it going to be used for buying goods and the employment of labor on making those goods. Of course it was used for reducing the public debt. If these payments had kept on, the interest charges on that debt would have been reduced a little faster. But as these interest charges are largely paid by the wealthy people through the income taxes still in force, the average person will hardly be conscious of that difference.

Much of the money saved by tax reduction will go into stocks and bonds and bank deposits, which will go into projects for developing the country, for improving industrial equipment, building houses, etc. this means a good deal of additional work to be done, and after this new equipment is created, the people will be better off as the result of the operation of better equipment.

If an industry contemplates on building a new factory or a city considers putting in a schoolhouse or a road, the money usually has to be borrowed somewhere. The more money is saved the less has to be paid for interest on such loans, and the more people are inclined to go ahead on these enterprises. Lower taxes will let loose large sums to speed up American development.

CAREERS OF FAME

Many young American singers were no doubt thrilled when they read how 19 year old Marian Tally from Kansas City made a successful debut at the Metropolitan Opera house in New York City, and was acclaimed by 20 curtain calls. Thousands of young people will dream dreams that they also might win a high place in operatic art.

Thousands also of young women dream of being movie stars and actresses of the spoken drama. Many who have very meager gifts, yet dream that perhaps these could be developed and make them rich and famous.

Some of these people unfortunately may spend a good deal of money on expensive courses of education for careers for which they have insufficient qualification. Yet people with distinct artistic gifts dislike to settle down in some ordinary occupation, when they feel the stinging of ambition. People can not be blamed for wishing to develop these gifts.

Very few attain these high ranges of fame, but for people who have real artistic genius, there is a good deal of opening. They may not climb any high pinnacle, but if they really have talent the world usually finds a place for them.

They should realize that they will have to work a good deal harder than if they chose some ordinary occupation, that they will suffer many bitter disappointments.

People should not seek to go on the professional stage unless they are advised by competent authorities that they have distinct talent. The great majority of those who try these careers would probably be happier if they chose some more ordinary occupation and used their gift as a source of incidental pleasure and money making. The world seems to have an over supply of professional singers, and actors and actresses.

THE SAFETY CONFERENCE

The National Safety Conference has been called by Secretary Hoover to meet again at Washington March 23 to consider the increasing number of automobile accidents. A very wide range of organizations and people are to be represented in this meeting, including automobile clubs, commercial associations, labor unions, educators, etc.

This is a hard proposition, because it calls for some fundamental changes in human nature. The American people have a streak of carelessness running through them. Take a chance, is a favorite motto. The results of this spirit are evident every turn. The enormous fire loss from which the country suffers is an example.

The results of this carelessness were not so apparent in the days before automobiles. If people took chances then, they got hurt themselves, but they did not commonly hurt anyone else. But when these people who take chances were turned loose on the streets with a high power automobile, then this spirit became a public menace, resulting in a constant succession of the most deplorable accidents.

To reduce these accidents to small proportions, would take a considerable change in human nature. It will be necessary to begin with children in the schools and try to educate them into more cautious ways. Considering the perils of these times, it is necessary to do so.

Strict laws and regulations governing motor traffic will help a lot. If drivers lose their licenses or are denied the use of their cars for a period of time, they usually learn that they must curb their chance taking spirit, and pay some attention to the rights of the public. There are many persons without any caution or prudence in their nature, and people of that type are not fit to be let loose on the highways of Texas with a machine like an automobile.

ATTRACTING PROPERTY OWNERS

The person who considers buying a home or business in a certain community, usually asks the question as to what the general tendency of property is going to be in that place. Will it grow more or less valuable?

A buyer hates to put his money into a town where there are no signs of progress. If there is little in the way of development, and if people seem inclined to trot along in the old ruts, there is little to suggest that property will become more valuable there. There may be much to make one think that its value may decline.

To prove that capital will be safe there, people must be convinced not merely that it has been a good town in the past, but that it has the progressive spirit that will keep it up to the times.

RECEPTIVITY TO NEW IDEAS

The progressiveness of a town is largely tested out by the attitude it takes to new methods and ideas, in business, education, government and industry.

In some places, people look at such suggestions with a natural attitude of skepticism. Their first comment is apt to be discouraged and doubtful. They see the difficulties in the way and feel they can't be overcome.

In a brighter type of towns, people are much interested when they hear of new civic ideas. They do not necessarily want to go in for them right off, but they feel impressed with a desire to know more about those ideas. With this receptive attitude, the chances are strong that after hearing about these new ways and looking into them they will want to try out some of them. A town where that sentiment exists is a better place for a business and residence investment, than the one where new ideas meet with a chorus of doubt and question.

ADVERTISING A CITY

A good many cities are spending money nowadays for paid advertising in newspapers and magazines. That should be a very useful stunt if properly handled. And yet it is possible to get a lot of advertising without paying anything for it.

A city that has active organizations working for the public benefit naturally obtains a good deal of free publicity quite easily. These activities constitute news. When they accomplish things beneficial to the community, the newspapers are eager to print the news about it. The information spreads over a wide territory that that city has an active group of people who are accomplishing results and obtaining improvements.

The report of betterments gained always makes an interesting story, and people admire the spirit of a community that thus shows enterprises. Its reputation spreads and it becomes known as a progressive place.

PROGRESSIVE CITIES

The cities of America are making more rapid progres today than ever before. It is not so much that they are growing faster in population, as that they are making community gains, in industrial progress, education, street construction, wholesome recreation, etc.

Some cities make more than a normal record of development, while some make less. Why this difference?

The difference may be caused by the fact that some cities have a very active group of hustlers, who almost work their heads off in the effort to secure progress. It is more likely to be due to the fact that in those cities progressive movements of all kinds are welcomed, and that the people generally take hold and join the Chamber of Commerce or like organizations. Through these associations public sentiment favorable to progressive moves is disseminated throughout the city, and the people respond favorably when new ideas are advanced.

SIDEWALK WORK

It is hoped that the coming season will see a good deal of sidewalk construction and improvement in Cameron. The construction of good walks does a great deal to create a handsome residence town. A rough and unimproved walk makes the places against it look undeveloped, but a well finished walk of modern type adds much to the value of the abutting places, and the real estate owners can afford to contribute liberally to have it put in.

Where walks are laid out in some sections, it encourages people to move farther into the outskirts, where they can have plenty of room and have gardens and beautify their places. Sidewalks no doubt pay for themselves, in the improved value that they give to real estate.

Miss Lillie Macal left Tuesday evening for Waco to rejoin her parents, Mr. and Mrs. Steve Macal, who moved there a few months ago. Since their going Miss Lillie has been in the home of her aunt, Mrs. Bill Marek, and has held a responsible position in the office of Attorney J. K. Freeman. Miss Lillie and her family have many friends in Cameron who will always greet their return to Cameron with pleasure.

Miss Reeder has returned to her home in Valley Mills after a pleasant visit to Mrs. Archie David.

J. F. Chadwick after a two weeks absence in south Texas spent the week end with his family here.

The W. B. A. will meet at the Odd Fellows Hall on Friday afternoon. A full attendance is urged.

Mr. and Mrs. J. M. Williamson spent Wednesday with Temple friends.

Mrs. T. S. Henderson, Jr. who has been quite ill this week is reported better today.

Mr. Carrington of San Fransisco has come to Cameron to take over the oil activities recently directed by John A. Lee. With his family he will occupy the bungalow in which Mrs. Lee is now living.

Dr. James Watson was heard with interest by the members of the Methodist congregation on Wednesday evening at prayer meeting in a splendid talk on Religion and Health given at the request of the pastor, Rev. R. S. Marshall.

The Senior class of Yoe-High school boosted the Choral Club concert program. Miss Mary Lake Henderson secured the homes for the young ladies in Cameron and each was most cordially welcomed to Our Friendly City.

Mr. and Mrs. Wm. Rogers held a reception at their home Thursday evening after the concert given by the Baylor College Choral Club of which their daughter, Miss Eloise, is president. The hostesses of the Baylor girls during their stay in Cameron and relatives and friends were included in the personnel of the guests.

Rev. and Mrs. J. P. Love went to Temple on Thursday.

Little Caroline Chambers of Bryan spent the week with her grand parents, Mr. and Mrs. W. A. Morrison.

Mr. and Mrs. R. J. Slone of Milano spent Sunday in the home of their daughter, Mrs. John Ryan.

Little Miss Mary Rebecca Avriett arrived Saturday afternoon and received a royal welcome from her parents, Mr. and Mrs. Giles L. Avriett and her brothers, Giles and Jack and other adoring relatives.

Misses Gertrude and Helen Dunham of Tracy spent Sunday with Cameron friends.

Mr. and Mrs. John Atkinson and their little daughter, Rebecca Jane of Waco spent Sunday with Mrs. Rebecca Atkinson and Miss Lilian Atkinson.

Matt Bailey of Hoyte was in from his farm on which he is working hard this year. He has entered the state cotton contest for "More cotton on fewer acres" and intends to win a prize.

Dr. and Mrs. G. E. Sutton who have been visiting his relatives up north and living in Waco have been welcomed into Cameron circles again.

Miss Louise Berry's class in expression gave a splendid recital on Friday evening.

Dr. and Mrs. Delbert Childress of Giddings spent Sunday with Mr. and Mrs. Geo. Childress and other relatives.

Little Miss Norine Taylor, niece of Dr. G. B. Taylor, of Cameron died Friday afternoon at her home near Pendleton and was buried Saturday afternoon. Dr. Taylor has visited in his brothers home every day for more than two weeks where several members of the family have had flu and pneumonia. Mrs. John Taylor is still very ill with pneumonia.

The sale of the Stone Mountain coins here closed with the quota for Milam County, sold late Saturday. T. S. Henderson, supervisor of the sales in Milam County, bought the Milam County coin, No. 63, which was sold at auction for $30 .

Miss Jane Caton, sponsor for the Business and Professional Women's Club introduced Hon. W. G. Gillis, who auctioned off the marked coin to the highest bidder. Judge Gillis' patriotic remarks found a hearty response among his hearers. Bidding was spirited for a few moments. The meeting was outdoors on the west side of the Milam County Court house.

BILIOUS SPELLS

Kentucky Man Finds Relief from Dizzy Attacks.

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky.

"I would have dizziness and couldn't work.

"I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated.

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything.

"It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of 'pep' and could do twice the work."

Made from pure, medicinal roots and herbs, Black-Draught is nature's own remedy for such symptoms as the above, when due to a torpid liver.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Hall's Catarrh Medicine

Those who are in a "run-down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

HALL'S CATARRH MEDICINE is a Combined Treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years.

Sold by all druggists.
F. J. Cheney & Co., Toledo, Ohio.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain alias execution issued by the clerk of the county court of Milam county, on the 19th day of February, 1926, in a certain cause No. 5082 wherein A. E. Schiller is plaintiff, and Ray Robinson is defendent, in which cause a judgment was rendered on the 9th day of December, 1925 in favor of the said plaintiff A. E. Schiller against said defendant Ray Robinson for the sum of two hundred sixty six and 39-100 ($266.39), with interest thereon at the rate of ten per centum per annum from date of judgment, together with all costs of suit, I have levied upon and will, on March 16th, 1926 at the court house in the city of Cameron, Milam County Texas, within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of Ray Robinson in and to the following described personal property, levied upon as the property of Ray Robinson to wit: One Ford Coupe with manufacturer's number 8778887 and being the same automobile described in a mortgage from J .R. Robinson to Cameron Chevrolet Company dated June 8th, 1925 and being chattel mortgage register number 8284 of Milam County, Texas, as shown in county clerk's records of Milam County, Texas, to which mortgage and records reference is hereby made for a more particular description and which was registered by J. R. Robinson on December 31st, 1925 with state license no. for 1926 being 627974;

Also one buick automobile with motor no. 618367 and serial number 619712 and being 1920 Buick automobile.

The above sale to be made by me to satisfy the above described judgment for two hundred sixty six and 39-100 ($266.39) dollars in favor of A. E. Schiller, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

L. L. Blaylock,
Sheriff Milam County, Texas
Cameron, Tex. March 4, 1926. 43-2t

Rains Beneficial To Farmers of County

A slow rain which began falling here early Thursday morning continued through the major part of the day in all sections of the county and will be of great benefit to the farmers.

Dry north wind during the past two weeks has taken the surface moisture from the farm lands. The rain Thursday will restore the moisture and help the farmers.

JUST FIDDLIN'.

Here are some of the tunes you will hear at the Legion fiddler's contest here on March 12: Jig dancing has been added and a number of entries have been announced.

Turkey in the Straw	Cotton Eyed Joe
Waggoner	Run Nigger, Run
Billy in the Low Ground	Sugar in Your Coffee
Leather Breeches	Uncle Joe
Devil's Dream	Arkansas Traveler
Black Eyed Susie	Rabbit in the Pea Patch
Over the Waves	Hell Among the Yearlings.

J. L. Clinton in charge of the program says that some variation from this will be necessary, each fiddler being at liberty to select and play his own tune.

Judge Jeff T. Kemp with whom entrants are requested to file names will no doubt have a large number.

Ben McLellan, D. R. Criswell, J. S. Barmore, T. F. Hardy and Judge Jeff T. Kemp are to be judges and to this committee will fall largely the arrangement of the entertainment.

L. Van Perkins is in charge of the committee from the Legion and reports a large number of fiddlers. It has been decided, on application of a number who want to participate that jig dancing be added. Uncle Sam Murray will challenge the world. He has already started to limber up his legs for the old fashioned clog and believes he will carry away the money. The jig dancing will be restricted to old men.

This will be no place for jelly beans, cake eaters or flappers, says Perkins for the Legion. On the streets after the contest an old time square dance will be held. It will be an affair to entice the feet of those who danced when the double shuffle was an art and a thing of beauty and melody flowed from fiddle strings in the cabins of the pioneers.

Catridge Belt Of Sam Bass Is Given To The University

Austin, Texas, Feb. 23.—The catridge belt worn by Sam Bass in his last fight with the Texas Rangers at Round Rock in 1878 is a historical relic in the possession of the University of Texas, according to Mrs. H. A. Hatcher, archivist. The belt was presented by Sam A. Arnett, of Lubbock. Examination of the belt reveals the fact that there are exactly thirteen cartridges in it. It is of medium size with places for 45 cartridges, and plainly shows the use of hard wear. The cartridges in the belt are 44 calibre. Two of the leather loops holding the bullets are broken, and it is said they were cut by flying bullets in the fight at Round Rock where Bass was killed. Additional material concerning the life of the noted bandit has been obtained by the University library.

Uncle Tom Fisher of Hanover was greeting his Cameron friends Monday.

Stock Sold In Well At Thorndale Came Unsolicited There

On the theory that "discussion preceeds construction," thoe upon whose shoulders falls the duty of taking the lead in the development of the Culver Well into a more active community asset by means of erecting a system of bath houses and a tourist park, etc., as outlined in the Champion last week, feel very much gratified over the progress being made. Numerous inquiries are being made daily concerning the details of the project and the matter has become a subject of general discussion.

While no effort has been made to solicit purchasers of stock so far, pending the appointment of a committee by the commercial club to take the lead in meeting the people and explaining the features of the enterprise in a comprehensive way, something like $200. has been received from local purchasers who voluntarily applied for shares in the enterprise.

The commercial club held a meeting Wednesday night and at this meeting the legal side of the project will be discussed by a competent speaker who will point out the privileges and responsibilities of stockholders under the state law authorizing such corporations as contemplated in this instance. A report of this meeting will be given in our next issue, by which time the Champion publishers hope to be abie to name the committee appointed and give more details of the results of their efforts.—Thorndale Champion.

NOTICE TO CONTRACTORS FOR BITUMINOUS RESURFACING OF CERTAIN STATE HIGHWAYS

Sealed proposals addressed to the State Engineer of Texas for the resurfacing of certain highways in the State, will be received at the office of the State Highway Engineer, at Austin, Texas, until 10 o'clock A. M., March 5th, 1926 and then publicly opened and read.

Section 3 consists of sections of the following highways:

Bell County	Highway No. 2
Williamson County	Highway No. 2-A
Williamson County	Highway No. 29
Williamson County	Highway No. 43
Williamson County	Highway No. 74
Milam County	Highway No. 44
Henderson County	Highway No. 19
Angelina County	Highway No. 41

Total mileage approximately 113 miles.

Detailed specifications of the work may be seen for examination and information may be obtained at the office of the state highway department, State office building, Austin, Texas.

A certified, or cashier's check for $25,000.00 made payable without recourse to the order of the State highway commission of Texas, must accompany each proposal as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with the requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

Proposals shall be submitted in sealed envelopes and marked "Bids for the resurfacing work for section ..... of state highway." Proposals submitted by mail shall be marked as above and enclosed in another envelope addressed to W. P. Kemper, Acting State Highway Engineer, Austin, Texas.

All bids received will be retained by the Department and will not be returnd to the bidders.

Sudan $5.00, Hegari $3.25, Redtop and Amer cane $3.50, Big German millet $4.25, Dwarf yellow maize, white and red kaffir $3.00, seeded ribbon cane $4.00 per 100 pounds. Recleaned tested seeds, freight paid to Texas points. 40-8tc

WHY SUFFER SO?

Get Back Your Health As Other Cameron Folks Have Done.

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Cameron cases:

Mrs. J. E. Walker, says: "Whenever my kidneys got out of order, backache always followed. When I stooped, darting pains went through the small of my back. A deep-seated lameness and soreness over my kidneys made everything a burden. Headaches were another symptom and my kidneys acted too often. Doan's Pills from Thomas and Sons' Drug Store rid me of the trouble."

IF GEORGE WASHINGTON COULD LIVE AGAIN

If George Washington could rise from his grave and see our cities at midnight lighted as brightly as day, hear the whirl of the electric car, talk over the wireless telephone, send a message to a ship far out at sea, examine his own bones with an X-ray, view the sunny plains and canals of Mars through a telescope, take a flight from America to Europe in an air ship and return under the waters of the ocean in a submarine, ride in an automobile going ninety miles an hour—but what is the use of going back a hundred years? A system of teaching business methods thirty years old is but of little use today.

As a steamship has crowded out the sail boat, as the typewriter the goose quill pen and pokeberry ink, so has the Tyler Commercial College system of teaching bookkeeping, shorthand (Byrne simplified and Gregg systems), private secretarial, general business, general banking, general railroad, civil service, cotton classing, penmanship, radio, telegraphy and many other courses put them ahead and made them the largest business training school in America.

The reason Tyler Commercial College is the largest school of its kind is plain: the systems they teach cut in half the time and cost it would ordinarily take a person to become an expert in business. The practical, modern, time saving systems can be had only in Tyler Commercial College. The courses are studied in performance to other courses. You would not think of riding in a horse-drawn vehicle in preference to an automobile. Then, why think of studying the old ox-cart systems. The most of your tuition may be paid out of your salary after you finish.

"Achieving Success in Business." a large book published by the college will be sent to you free. Just fill out the coupon printed below and send it now. The book is free. Get it today.

(We have no branch schools anywhere. We lead others follow.)

Baptist Church News

50 TAKING STUDY COURSE

It was rather gratifying last week to see the splendid response to the Study Course by the workers in our church. The course is to continue two weeks and the first week there were 50 enrolled in the class. There is more interest manifest in this course than has been in any study course since I have been pastor here.

We are studying the Bible. The book we are using is by Dr. Tidwell "Introducting the Old Testament." And even though we have been reared with the Bible around us there are many new things in this great Book. We want more and more to study the Bible and be able to teach it, for after all that is the purpose of our meeting every Sunday morning, and we can not teach anything we do not know; and a teacher in the Sunday School is not prepared to teach a class without special study and training in the Book as a whole. The majority of teachers do not put in enough of time on their lessons, and then when they do not know the general drift of the truths they are to teach, with the direct connections, they find themselves, and sometime the class finds them, without knowledge of the thing they are attempting to teach.

It seems to be impossible for some of our teachers to take this course with the class and they are asking for a book so they may take it at home. It is hoped that every teacher will take the book either in or out of the class. "Study to show thyself approved unto God, a workman that needeth not to be ashamed rightly dividing the word of truth."

100 PER CENT MONTH

One of the teachers recently suggested to the pastor that we have a 100 per cent month in the Sunday School. This teacher also suggested that the month of April be that month. Those are good suggestions, an dif it finds a response with the other teachers and officers we will have that month.

By this we mean to emphasize making the grade. Every person making 100 per cent; every class making 100 per cent; every department making 100 per cent; and the entire school making 100 per cent. This is a worthwhile goal, and a real enthusiastic effort in that direction will be worth while. Think it over and tell us what you think of it.

OUD SUNDAY SCHOOL RECORD

Starting with this issue we are publishing the grades of every class and then the departments. We hope to encourage high grades. We do not want to encourage high grades at the expense of the pupil, that is for the absent pupil to be marked off the list, but emphasize GOING AFTER THE ABSENTEE with a view of making a high grade.

Following are the highest classes for last Sunday:

The highest enrollment was 34 with Mrs. Evans as teacher; the highest offering was $1.51 with Mr. Cable as teacher; the largest attendance was 19 with Mr. Cable as teacher; and the highest grade was 100 with Miss Bragg, Mrs. Bradbury and Mrs. Collier teachers.

T. E. L. CLASS

The T. E. L. Class held its monthly meeting in the church annex on last Friday afternoon. There was a good attendance and interest in meeting.

The forces of this class have been depleted through changes made in the Sunday School but fortunately this class retains its splendid teacher, Mrs. J. L. Denson, and we have good material left and expect to carry on and do good work.

Plans for enlisting more members were discussed at length at this meeting, also had a report on Personal Service work done by class.

Publicity chairman.

HOMEMAKERS CLASS

Mrs. Hutcherson's class met in its regular monthly business meeting at the church on last Friday afternoon. There was a very good attendance and the spirit of the meeting was fine.

We decided on the name "Homemakers" for our class. The following officers were elected: Mrs. Preston Graves, President; Mrs. Harve Dobbins, First vice-president; Mrs. Henley, second vice-president; Mrs. M. G. Cox, third vice-president; Mrs. O. H. Griffin, secretary; Mrs. Walter Newton, treasurer; Mrs. J. C. Martin, reporter; Mrs. John A. Smith, assistant teacher; Mrs. L. L. Blaylock, Mrs. W. G. Allen and Mrs. B. T. Bailey were elected group leaders

We spent quite a bit of time in forming plans to enlist the unenlisted. Our one hope and prayer is that we might win others to our Lord and Savior.

HEALTH

IS THE SECRET OF HUMAN HAPPINESS

Are you numbered among the thousands who are suffering from bodily affliction?

Men, Women and Children from every section of the country are finding immediate relief from all kinds of troubles by coming to the Milling Sanitorium.

WE SPECIALIZE IN CASES WHERE ALL OTHERS FAIL. Below are two testimonials selected from among the hundreds we have in our files, written by people who have been benefitted by coming to us.

September, 1, 1925.

Five years ago I took treatment from Dr. Milling for Gall Stones. He entirely cured me and I have not been bothered since. I take great pleasure in recommending Dr. Mliling to any who are sick. I know that he effects cures of all kinds when others fail. The fact that I have had no further trouble convinces me that his cures are permanent. Any inquiries addressed to me will be answered promptly. Respectfully, J. W. Carter, Jermyn, Texas.

To whom it may concern:

I took my little boy to Dr. Milling for paralysis. He could not walk a step when he started to treat him and after he had treated him for a few days he began to walk. I take great pleasure in recommending Dr. Milling and don't think anyone will make a mistake in taking treatment from him.

Respectfully,
A. A. Dyer, Olney, Texas.

We will gladly furnish other literature and testimonials concerning our work upon application.

WE CAN DO FOR YOU OR YOUR FRIENDS WHAT WE HAVE DONE FOR THESE PEOPLE.

All events will be held as nearly on time as possible. People do not like a draggy track meet, help us make this one snappy by being ready on time and acquainting yourself with the rules beforehand. All officials will make the judges stand at the park their headquarters and get information there.

Winners will be announced after each event and points of leading teams will be announced from time to time from the judges stand.

T. F. PETTY,
Director of Athletics

C. N. Green and Bros. Have Largest Stock In Many Seasons

The C. N. Green and Brothers store has the largest stock of furniture and other goods in recent years. The stock was sold down at inventory time but recent purchases have been made to bring it up to the largest size in recent years.

This week the firm is unloading an entire car load of Cavalier furniture and in this issue of the Herald make announcement of the prices they are making on this merchandise.

The firm despite the drouth last year was able to do more business than in the previous year and this record was duplicated by only a few firms in this section.

The Green Brothers are sticklers for work and believe in the power and pull of good advertising.

Miss Rosalie Baskin returned Saturday from a pleasant visit to her college friends in Southwestern University.

THE BANKER-EDUCATOR PLAN TO PROMOTE BETTER AGRICULTURE

By D. H. OTIS,
Agricultural Director, American Bankers Association

Whenever bankers desire to promote actively agricultural improvement in their communities, the state agricultural colleges stand ready to show them the way and to give expert assistance. The purpose of this article is to illustrate the way in which the colleges are getting in contact with the banks, and the kind of assistance they render.

D. H. Otis

As soon as the college has a list of the banks in the state desiring to adopt plans to aid agriculture as indicated by project blanks sent out to all the banks in the state, by the State Bankers Association Agricultural Committee, it gives practical suggestions to each banker on the list as to what he can do to stimulate, organize, and conduct the work in the particular project he has selected. Then either a department specialist from the college or the county agent gets in personal touch with the banker to assist him in an advisory capacity.

Samples of the project outlines are given below to illustrate the details of the procedure the college takes in accomplishing its plan.

College Provides Expert Advisers

In counties with no county agent a list of the banks desiring to carry on a project is sent to a specialist at the state college, according to the project listed. For instance, the banks desiring to carry on the farm accounts project are assigned to the farm management specialist, those desiring to carry on the legume project to the agronomy specialist, those interested in boys' and girls' club work to the junior extension specialist, and so forth.

In counties that do have a county agent a list of the banks and the projects in which each is interested is sent to him with a request that he get in touch with the bankers and help them in regard to the various projects.

The next step by the college is to write to each banker on the list sending him project outlines and informing him that the county agent or a specialist from the college will get in touch with him. If there is no agent in the county this letter reads as follows:

Union State Bank,
Bankville.

Gentlemen—You will find enclosed a brief outline of the farm accounts project in which you have indicated your interest to your State Agricultural Committee and to the Agricultural Commission of the American Bankers Association.

I am sure that the specialist from the agricultural college will be pleased to assist you in carrying out the suggestions indicated. We have asked him to get in touch with you.

Director, Agricultural Extension.

The letter to bankers in counties that do have a county agent informs them that he will get in touch with them.

Suggests Things the Banker Can Do

The project outlines sent to each banker give specific suggestions as to the things he can do to organize the work in his project, and the part he can take in carrying out the work. The more simple and concrete these suggestions are the more valuable they are to the banker. Following are samples of such project outlines:

Farm Accounts Project

1. Banker can select group of farmers who can and should undertake the work of farm accounts.
2. Arrange with county agent or specialist from agricultural college for first meeting of the group and select an account book.
3. Assist individuals at their request with information relative to entering accounts and other data properly.
4. Act as or select leader for the group.
5. Assist in checking inventories as a means of securing individual financial statement at close of the year.

Boys' and Girls' Club Work

1. The banker can arrange with the county agent or the specialist of the agricultural college for organizing a club.
2. Plan to present various types of club work at the next meeting and perfect the organization of a local club.
3. Banker may act as local leader of the club.
4. Cooperate with county agent or specialist in annual "Achievement Day."
5. Banker may offer prizes for club work or otherwise assist in financing same.

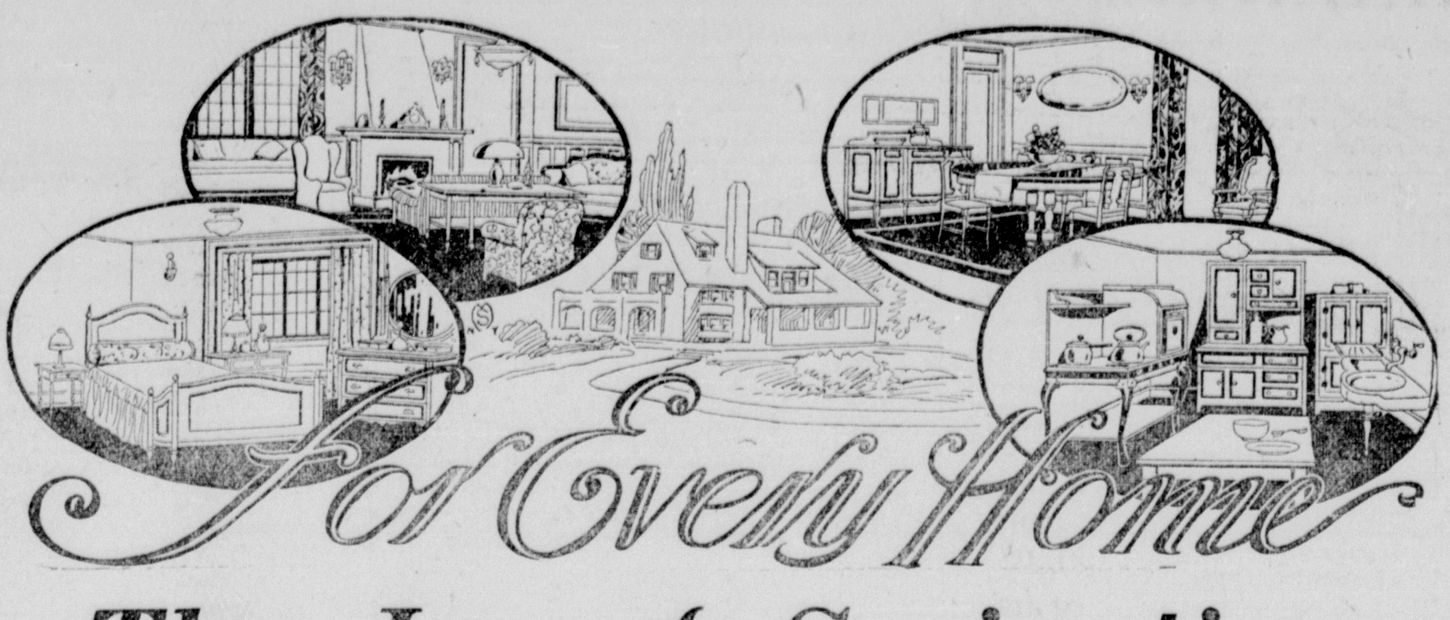
Legume Project

1. The banker can get information from county agent or specialist from the agricultural college on the value of alfalfa, soy bean, or sweet clover crops to farmers of the community.
2. Arrange for meeting of interested farmers with county agent or specialist.
3. At this meeting county agents, specialists, or others will discuss:
   (a) Value of crop.
   (b) Seed supply and varieties.
   (c) Methods of handling the crop.
   (d) Use and disposition of crop.
4. Plan with county agent or specialist meetings and demonstrations on plots or fields.
5. Secure exhibits for community or county fair.

Cow Testing Associations

1. The banker can arrange with county agent or specialist from agricultural college for meeting of interested group of farmers in the community for the purpose of organizing a cow testing association.
2. Banker may act as leader, and with county agent or specialist plan to visit prospective farmers who may join the association.
3. Organize for work and assist in securing testing equipment and other materials whenever necessary.
4. Call meetings periodically to discuss association business and hold picnics or tours.
5. Banker with county agent or specialist may arrange for C. T. A. booth at community or county fair giving testing demonstrations and explaining work of association.

This constitutes the preliminary work by the college which paves the way for constructive work by the bankers in banker-farmer projects.



For Every Home

The Joy of Springtime

Will be filled with even more joy, more happiness, more pleasure, and last but not least, more comfort if as nature beautifies the great outdoors, we also may beautify and dress up our indoors.

C. N. Green & Brothers

are making it possible for you to dress up your home with new furniture and floor coverings.

STATE NEWS

Austin, Texas. The University of Texas will have a summer school. Governor M. A. Ferguson has authorized $100,000 for its maintenance. The state is now practically on a cash basis and can afford the appropriation made, Mrs. Ferguson said.

Marshall, Texas. An election will be held here to vote on bonds in the amount of $75,000 for a municipal building, $50,000 for waterworks improvement and $25,000 for a central fire station, if an ordinance now being prepared is voted upon favorably by the city commissioners.

aSn Antonio, Texas. Five hundred persons are expected to attend the Texas Conference of Social Welfare Worker's' convention which will be held here on March 10, 11, and 12. Mayor Tobin will deliver the welcoming address.

San Augustine, Texas. The city light and water plant of this city is having a new engine installed. A total of 245 horsepower will soon be available.

Harlingen, Texas. A military park is to be made of the historic Resaca de las Palms, near Brownsville. This is the scene of the first battle of the United States-Mexican war in 1846. The land has been donated to the Valley Historical Society.

Vernon, Texas. A free bridge is to be built over the Red River from Vernon to Fredrick, Oklahoma, and work will begin in the next few days. The cost will reach almost $100,000.

Snyder, Texas. Bonds issued by the Snyder Independent School District have been sold at a premium to a Chicago firm. The total amount of the bonds is about $75,000. They bear five per cent interest.

Galveston, Texas. Plans are being worked out for an advertising campaign for Texas by the tenth district of the Associated Advertising Clubs of the World. The campaign will begin in the fall and a quarter of a million dollars will be spent yearly in advertising the industrial and agricultural products of the state.

Laredo, Texas. It is estimated that enough water is going to waste in the flow of the Rio Grande from Eagle Pass to this city to irrigate at least 100,000 acres. It is thought that the water is being diverted through underground channels.

Corpus Christi, Texas. This city is elated over the allottment of $200,000 by the government for work in the channel from Aransas Pass to Corpus Christi. Army engineers are to begin work very soon.

Ballinger, Texas. Since March, 1, mail has been carried between this city and Abilene by auto truck instead of by rail. The bus will make one trip each day. Eight tows are served by the delivery.

Wills Point, Texas. Sheriff J. P. Morrow of Henderson County has been named president of the East Texas Peace Officers' Association. The next meeting of the association will be held in Tyler on March 30.

Llano, Texas. The city marshal, city treasurer, city secretary and three aldermen will be elected for this city on April 6. The program for an extra tax for a municipal band will also be voted upon.

Denton, Texas. The Denton chapter of th eC. I. A. Ex-students' Association is discussing establishing a loan fund for the benefit of students in the College of Industrial Arts. The association will also publish a year book, outlining the meetings to be held.

ODDITIES IN THE NEWS

Shelbina, Mo. Rats must get honest to goodness hungry. They ate through a brick wall eight inches thick to get at a supply of soap in a laundry here. About half the soap was missing when the hole in the wall was found.

Wichita, Kans. His horse landed Albert Masarsch in jail here. The animal bit a motor car and damaged the spare tire. Marasch was released when he promised to replace the tire.

Paterson, N. J. His wife refused to get out of a car that he wanted to use in his business, so Deputy Sheriff F. Neaf arrested her on a charge of disorderly conduct. It required the aid of several policemen to get Mrs. Neaf from the auto.

Bayonne, N. J. It didn't take Zacharia Schneider, eighty six, long to do his courting He met Mrs. Sarah Kovak at a party and one hour later they were married. She is 65.

Peoria, Ill. A fourteen year old boy has confessed to nine robberies here. The youth declared his dog would sit on the sidewalk while he broke into a store and would bark when anyone approached. He said his dog got a pork chop each time for his pay.

CHURCH NEWS

Waco, Texas.A successor has as yet not been selected for the North Waco Baptist church to fill the pulpit of Rev. A. W. Fechner, who has resigned. The future plans of Rev. Mr. Fechner were not made known.

Dallas, Texas. Objections have been raised to the erection of a new Methodist church by residents of Lakewood Heights. Injunction proceedings are threatened, although foundations for the church have already been started. The charges are that the church will be an "eyesore" and will "depreciate the value of the surrounding property.

Plano, Texas. The Baptist church here now has as its pastor Rev. A. L. Keake, who for the past few years has been pastor of the Central Baptist church of Ranger.

Bible Thought For This Week

"For now we see through a glass darkly; but then to face: now I know in part; but then I shall know even as also I am known."

Fort Worth, Texas. Over five thousand dollars has been pledged by the faculty and office force of the Baptist Seminary toward the fund being raised to aid the Baptist Hospital here. Two hundred and fifty persons signed pledges.

Miss Rosalie Baskin returned Saturday from a pleasant visit to her college friends in Southwestern University.

Mrs. T. J. Denson is visiting Mrs. W. S. Ledbetter in Dallas.

"Electric Light Bill"

ELECTRIC Light Bill means something more than the invoice you get every month. Electric Light Bill or Tom or Jerry is the man behind that invoice, the man who gives in return reliable service—and in good measure.

You can always count on Bill and his fellow-workers. Hard at it night and day, they are the men who put up poles and in stormy weather repair the wires, and at all times keep the equipment in order.

This human side is the most important part of the Texas Public Utilities Company's story. Our machines may be ever so efficient, but that isn't enough. Back of it all we have human watchfulness and human dependability—a trusty old Bill to man the guns.

"Your Electric Servant"

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

FARM IMPROVEMENT SOCIETY FOR CONTEST

G. W. SLEDGE SAYS MEMBERS ARE FOR "MORE COTTON ON FEWER ACRES"

The members of the Farmers Improvement Society and the colored farmers generaly are very much interested in the question of more cotton on fewer acres.

At the state meeting of the Farmers Improvement Society last October it was agreed to and recommended to the twelve hundred branches in Texas that they plant a plot of cotton not less than five acres and work it under the advice of the County Extension Agent in their County or District. Since that time Geo. W. Sledge, who is president of the Farmers Improvement Society of Milam County has been very busy at work with the Extension agent among the members of this society getting his members lined up for "More cotton on fewer acres and more feed on more acres."

Sledge says that the Farmers Improvement Society members are enthusiastic over the question and not only these members but the colored farmers generally.

On one farm in the Northeast and of the county owned by Mr. Ed Summers of Calvert there are thirteen colored renters, all of whom have entered the cotton contest.

Mr. Summers is furnishing these renters with certified seed and all of the fertilizers recommended by J. H. Williams, Co-Extension agent. Sledge says he has made extensive trips throughout the county in the last three months and he believes that a great majority of the colored farmers would enter the contest if they were encouraged by their land owners. Everyone Sledge has talked to who have not entered the contest says they would if they could get the fertilizer.

I hope more of the good land owners of this county will do as Mr. Summers has done—prepare the renters to raise all the cotton they can on fewer acres. Thus getting more rent, getting their renters out of debt and making better farmers and citizens out of them.

G. W. SLEDGE

HUMOR

His Job

"Hello, bo! Where have you been? I haven't saw you for thirty days."

"Aint nobody saw me for thirty days."

"What cha been doin?"

"Thirty days."

Making Plenty

Visitor—"It was poverty, I presume my poor man, that brought you to this prison cell.'

Inmate—"On the contrary, pal I was simply coining money."

The Laziest Man

Our idea of the laziest man in the world is the fellow who eats sardines without removing the cans.

He Done Her Wrong

Wife—"If I were to die what would you do?"

Husband—"Oh, the same thing you would."

Wife—"You wretch, I have always suspected it."

Inherited

Boss—"So you are late again, O'Riley. How do you account for this everlasting tardiness?"

O'Riley—"It's inheritance, sor: me father was the late Michael O'Riley.

The Boarder Agrees

Landlady—"I think you had better board elsewhere."

Boarder—"Yes, I always have."

Landlady—"Have what?"

Boarder—"Have had better board elsewhere."

THE MOVIES

"Ben Hur", starring Ramon Navarro, is now being shown in the big cities and is said to be about the most lavish picture ever made. The total cost will run close to four million dollars.

Frances X. Bushman has the honor of being the first of the screen stars to become a grandad. His new granddaughter has been named Betty Joyce Bushman.

Frances Marion, the most highly paid scenarist, makes a yearly income of about a quarter of a million dollars. She has received as much as $50,000 for preparing a single story.

RADIO

There are at present eight hundred and three radio broadcasting stations in the world and five hundred and thirty three of these are found in the United States. Canada is second in the number of stations with 42, and Spain is third with 22. Great Britain and Ireland have 20 and France 19.

Spliced wires should always be soldered. This is the only sure way to insure a permanently good contact.

SCIENCE NOTES

A German scientist has discovered transparent gold. It is said to be fifty times as transparent as the thinnest gold leaf.

There is an ant eater in South America that can use its tail for an umbrella when it is too hot or it rains.

A saxophone has been invented with a slide instead of keys. It is claimed that it is much easier to learn to play with this instrument than the other style.

Thirty thousand dollars was the price recently paid by a collector for a 1-cent British guinea postage stamp.

Java, after experimenting with an electric railway, has found it so satisfactory that others are to be changed to that power in the near future.

Norway is the place for the hungry man to go. Six meals a day is customary in that country.

An instrument has been invented that will measure to the millionth part of a millionth of a second.

SOMETHING YOU SHOULD KNOW

The lungs of an average man will hold about ten pints. One pint is what is usually breathed in, although six pints are the average that is held in the lungs. The normal person breathes about twenty times a minute.

Quart of Water Cleans Kidneys

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

FARM NEWS

Stamford, Texas. Jones County's shortage in hogs is beginning to be keenly felt and farmers are discussing the demand for bred gilts. Efforts are being made to ship in a few cars of gilts from Iowa.

Grand Prairie, Texas. Farmers in this section are planning to spend a day at the experiment station in Dallas sometime in May. At this time, results of the experiments made during the year will be announced.

Gainesville, Texas. Cooke County is to have a farmers' short course, which will be held at Dexter, Burns City and another place not yet determined in the western section of the county, on March 23, 24 and 25. Several specialists will make talks.

San Angelo, Texas. A total of 16,000 ewes have been purchased from this section by a Colorado Springs concern. Seven thousand were contracted for last fall, and the remainder recently. The sheep will be delivered about June 1.

Miss Clyde Baskin of Southwestern University spent the week end with her mother, Mrs. Lena Baskin.

SOCIAL SERVICE MEET HELD AT MAYSFIELD

METHODIST CHURCH AND PASTOR S. G. PORTER FIND FIELD FOR SERVICE

Rev. S. G. Porter, pastor of the Methodist church at Maysfield is finding a large field for service in promoting community socials. He recently came there from Lufkin. Mr. Porter is a native of England. The people welcome him to Milam County and trust that his work will be successful.

Wednesday evening 24th was held the monthly community social service meeting at the Methodist church. A large number were in attendance, the capacity of the building was taxed to accommodate the crowd.

The address of the evening was given by Prof. Groute of A. & M. College. He told of his trip to England, the Channel Islands and Europe studying the dairy industry. The address was most interesting and was enjoyed by all present. The music and singing was furnished by the young men from A. & M. College and was highly entertaining. The young people engaged in many amusing games.

Refreshments were served by the ladies of the church, although a most profitable and enjoyable evening was spent.

These community meetings are held on the fourth Wednesday evening of each month.

The building was lighted for the occasion by Mr. Keith of the Delco Light Company. An electric light plant will be installed in the near future.

Sunday night, March 21 the pastor Rev. S. G. Porter, will illustrate the sermon by Moving pictures. Bro. Porter has had 2 years experience in using stereopticon and moving pictures in church and community work, he having been associated with the great Wilson Carlile of London for a number of years.

Wednesday night March 24th a moving picture entertainment will be put on.

A Dramatic Club was organized, Rev. S. G. Porter was elected president, Reese Turner, vice-president; Leroy Massengale, secretary-treasurer; Miss Doris White, chairman of the program committee. They will put on a play "Home Folks" March 26th the proceeds will go to defray expense of installing light plant and moving picture machine.

Fort Worth, Texas. Tarrant County is to have a new game preserve. The Edwards Ranch near here has been stocked with 500 quail, and no shooting will be allowed on the land. The freeing of Bob Whites in this county was done under the auspices of the Izaak Walton League.

FOR RENT—Two or three unfurnished light housekeeping rooms. Telephone 586. 2tp

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

RECEIPES

Banana Pudding

Use beaten yolks of three eggs and a half cup of sugar. Add this to a pint of milk, cook and add a teaspoon of vanilla. Cool this and then put a layer of sliced cake that is stale in a buttered dish. Add a layer of bananas, sliced,and pour out some of the custard on it. Repeat this layer operation several times and then cover with paper and bake for thirty minutes. Meringue beaten stiff with powdered sugar and flavored with vanilla is placed on top. Lightly brown this and cool.

Spring hats are either very large or very small, and the costume will govern the size. Hats must fit harmoniously with the ensemble this season.

SPORTS

Austin, Texas. Thirteen teams will enter the elimination basketball tourney for the championship of Texas high schools Friday and Saturday. These teams are the by-district winners in the Interscholastic race. Beaumont won the title in 1925. Ziggy Sears, Roger Busfield and Lynton Boggess will officiate during the contests.

They have tried several cities in the past, but none of them were satisfactory.

Fort Worth, Texas. The Cats, champions of the Texas League for many years, will train at home this season.

Kerens, Texas. Corn planting is under way in Navarro County. A good season is in the ground and the land is in fine condition. Prospects for a good corn crop are very promising .

MISSIONARY POUNDED AGAIN

Surely, if ever a missionary and family received a hearty welcome to an Association, we have. Again to our surprise, we are grateful beyond expression to the Walker's Creek church for their bounty of groceries, bacon, preserves, etc., that came to us one day last week by the hands of Mrs. Johns and daughters. Blessings on the church, and especially do we thank the Walker's Creek W. M. U. We thank the people above all for their confidence, love, sympathy and prayers. We have but one aim while we live, that is to render Christly service, help every mortal we touch, and as much as in us lies to fulfill, Jno. 15:8.

Your missionary and family,
Signed, C. L. Boone.

Ouch! Rub Backache, Stiffness, Lumbago

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

FOR THE HOUSEWIFE

Hints For Helping

In order to save time with childrens' bloomers, you can make a buttonhole on the front side in a different color and therefore always know which side is back and which is front.

The cuffs and collars of shirts usually wear out first. It is doubtful if the correct material can be found to match. Take part of the tail of the shirt to make new collars and cuffs and then patch the tail with something else. The color will not matter.

NOTICE TO CONTRACTORS FOR BRIDGE CONSTRUCTION

Sealed proposals addressed to Giles L. Avriett for the dismanteling and re-erecting of the Old McCown Bridge to be received at the office of Giles L. Avriett, at Cameron, Teas, until 10 o'clock, a. m. March 4th, 1926, and then publicly opened and read.

Description Of Work To Be Done

Tearing down and numbering members of the Old McCown Bridge near Cameron, Hauling and re-erecting the 150 ft. span on new cut channel of Little River near Buckholts, Milam County; Hauling and re-erecting 100 ft span on Gulch near Black Bridge, Milam County; Also construction of piers and approaches for the two spans at new locations.

A separate and complete bid must be made covering each operation above named.

Detailed plans and specifications of the work may be seen for examination and information may be obtained at the office of A. F. Mitchell, at Cameron, Texas.

A certified, or cashier's check for 5 per cent of amount of bid made payable without recourse to the order of Jeff T. Kemp, County Judge, Milam County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by Milam County to reject any and all proposals or to waive all technicalities. 40-2tc

Signed Giles L. Avriett,
County Auditor, Milam County, Texas.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.
